THE UNIVERSITY OF ALBERTA STAFF BULLETIN

EDMONTON 7, ALBERTA

OCTOBER 7, 1971

Miss Archer

Dr. Myers

## COMPOSER HONORED

MISS VIOLET ARCHER, Professor of Music, was given the degree Doctor of Music, *honoris causa*, yesterday. The degree was conferred by McGill University, Montreal, at ceremonies marking the one hundred and fiftieth anniversary of the University's founding.

Miss Archer has been on the staff of the Department of Music here since 1962. She was born in Montreal, and obtained a Bachelor of Music and a Licentiate in Pianoforte from McGill, and Bachelor and Master of Music degrees from Yale University.

It is as a composer that Miss Archer is most widely known. She has prepared commissions for the Canadian Broadcasting Corporation, the Edmonton Symphony Society, and other musical organizations.

## APPOINTMENT

GORDON EDWARD MYERS, Professor of Pharmacy since 1967, has been appointed Associate Dean of the Faculty of Pharmacy and Pharmaceutical Sciences at The University of Alberta.

Announcement of the appointment, now in effect, was made by the Board of Governors.

Dr. Myers spent three years as a pharmaceutical apprentice before obtaining his Bachelor of Science degree in Pharmacy at The University of Alberta in 1945. He was a Sessional Instructor here from 1947 to 1948, when he received his Master of Science degree in Bacteriology. He obtained his PhD at McGill University in 1951.

Dr. Myers returned to The University

of Alberta as Assistant Professor of Bacteriology in 1951 and was Acting Head of the Department of Microbiology from 1962 to 1965.

## RETIRED PROFESSOR CONTINUES RESEARCH

HAROLD J. BRODIE, Professor Emeritus of Botany at The University of Alberta, was recently honored by members of the Department of Botany.

Dr. Brodie is recognized by his colleagues as an international authority on mycology, particularly the taxonomy and physiology of bird's nest fungi, which are small fungi related to the puff ball.

He received his Bachelor of Science degree with Honors from the University of Manitoba in 1929 and his Master of Science degree in Mycology the following year. In 1934 he obtained his PhD in Mycology as a Newcomb Fellow at the University of Michigan.

Between 1934 and 1953, Dr. Brodie did research in Canada and England, first as a Fellow of the National Research Council (USA), then as a Guggenheim Fellow. From 1957 to 1965 he was Professor and Head of the Department of Botany at The University of Alberta, and from 1966 to 1970 he continued to serve as Professor.

Dr. Brodie's research on bird's nest fungi has resulted in the publication of more than 75 papers on the properties and classification

of the fungi, their behavior in pure culture, and some aspects of their genetics.

His investigations also have shown that some of the fungi in pure culture have yielded a series of heretofore undescribed chemical compounds which have antibiotic properties. The substances are different in some respects from any known antibiotics and further research is being done on them.

Dr. Brodie, who has the largest collection of bird's nest fungi in the world, is currently writing a book in which he has compiled more than 30 years of research. Entitled *The Natural History of the Bird's Nest Fungi*, it is expected to be published early in 1973.

## HENRY MARSHALL TORY LECTURE

CLAUDE BISSELL, former President of the University of Toronto, will be the speaker at the 1971 Henry Marshall Tory Lecture. His topic will be "The Future of Liberal Education."

Dr. Bissell was graduated from Toronto's University College in 1936. He entered graduate school at the University of Toronto as a Reuben Wells Leonard Fellow and received his Master's degree in English in 1937. He was awarded the Cornell Fellowship in English by Cornell University and in 1940 received his PhD there.

After spending one year as Instructor of English at Cornell, Dr. Bissell returned to Toronto and University College as a Lecturer of English and a member of the Canadian Officers Training Corps. He was given a leave of absence to enter active service in 1942 and was commissioned a Lieutenant of Infantry in 1943.

In 1943 he transferred to Britain and joined the Argyll and Sutherland Highlanders of Canada, later becoming Adjutant of his unit. He also joined the faculty of Khaki College, remaining there until 1946.

In 1946 he returned to the University of Toronto and became Assistant Professor of English and Dean in Residence at University College. He was appointed Assistant to the President in 1948 and Vice-President in 1952. Four years later, Dr. Bissell was appointed President of Carleton College, Ottawa, on the eve of its elevation to the status of a university.

Dr. Brodie

He was appointed President of the University of Toronto in 1958 and held that position until July 1, 1971. He is now on leave of absence.

The 1971 Tory Lecture will be held Thursday, October 28 at Chateau Lacombe. Reservations for the luncheon and lecture may be made by contacting MRS. DOROTHY STEINER, 435-2204.

## GENERAL FACULTIES COUNCIL

By FOLIO Staff

The General Faculties Council of The University of Alberta met Monday, September 27, 1971.

### NOMINATING COMMITTEE

WERNER ISRAEL, Professor of Mathematics, has been elected to serve on the Council's Nominating Committee. He replaces D. B. SCOTT, University Ombudsman.

The Council also approved the following Nominating Committee recommendation regarding vacancies on existing and new committees: In order that members of the University community who are interested in the work of Council committees have an opportunity to nominate members, notice of vacancies will be published in FOLIO and *The Gateway*, where possible.

At present, vacancies exist on the Radio and Television Committee and on the Advisory ad hoc Committee on the Size of The University of Alberta. The latter is responsible for gathering information in preparation for a Council debate on the size of the University.

Offers of service and suggestions for nominations for membership on these committees should be directed to MISS PAT HOWLETT in the Presidents' Office, 432-4965.

### QUESTION PERIOD

Members approved the proposal that there be a general question period of one half hour in length at each regular meeting of the Council, for a trial period of three meetings.

The purpose of the question period is to clarify, for members, Council regulations and other matters of interest.

Questions must be submitted in writing to the Secretary at least three working days before the meeting, and they may contain no argument or opinion or facts other than those necessary for explanation.

Supplementary questions may be asked during the question period providing they relate to the subject matter of the question under discussion.

The answers may contain no argument or opinion or facts other than those necessary for explanation, and they may not be debated.

Discussion will be terminated at the end of one half hour.

### FACULTY MEMBERSHIP ON BOARD INCREASED

The Council passed a resolution authorizing the number of faculty members on the Board of Governors to be raised from two to three, giving parity with the student representation on the Board.

It also was agreed that academic staff members be elected by a general ballot sent to all full-time continuing staff members.

### SERVICE COURSES

The report of the ad hoc Committee on Service Courses was approved. Copies of the report will be sent to the deans of all faculties at the University.

### STUDENT HEALTH SERVICE

A Joint Committee of General Faculties Council, consisting of three Council members, three members of the University Planning Committee, and one member of the Student Health Service Committee was approved. The Committee will review the role and future development of the Student Health Service, in the light of the establishment of the Alberta Health Care Insurance program.

### STUDENT AWARDS

The following recommendations by the Undergraduate Scholarship Committee were approved:

1. Scholarships or prizes not exceed \$100 or \$150 in order to provide recognition for academic achievement and a token dollar value.
2. New donors be persuaded, if possible, to make awards as bursaries.
3. Where possible, try to convert present scholarships to bursaries or to small scholarships and the balance in bursary.

### **BOARD OF GOVERNORS**

#### *By FOLIO Staff*

The University Board of Governors and its Executive Committee met Friday, October 1, 1971.

#### **NON-ACADEMIC STAFF AGREEMENT**

The Board approved a memorandum of agreement recognizing the Non-Academic Staff Association (NASA) as the sole bargaining agent for NASA members, providing a majority of full-time employees are members of the Association.

All future non-academic staff members who do not join NASA will be required to pay a service fee to the Association. Present members of staff will be required to pay the service fee if they do not "opt out" within 30 days of the effective date of the agreement.

All negotiations regarding rates of pay, fringe benefits, and conditions of employment between NASA and the Board will be conducted by a committee made up of three representatives of each party.

If agreement cannot be reached within a reasonable period of time, either party may request that a third party, mutually acceptable to both parties, be invited to make a full inquiry into the negotiations with a view to recommending settlement.

The agreement will be effective until March 31, 1972 and may be extended by mutual agreement of the Board and NASA for a specified period.

#### **CONTRACT AWARDED**

Leamac Industrial Developments Limited has been awarded the contract for the Off Campus Facilities 1971-72, an extension of

the Agricultural Engineering feed mill.

The bid of \$97,730 was within the approved budget.

#### **UTILITIES STUDY**

The Board approved the recommendation by the Building Committee that EUGENE BOLSTAD of Eugene Bolstad Engineering Limited be appointed consultant on a study of the steam and condensate distribution system.

The purpose of the study is to review the state and extent of the existing systems to ensure their adequacy in handling future loads as new buildings are connected.

#### **STUDENTS' UNION HOUSING**

Procedures approved by the Board of Governors are being followed by the Students' Union Housing Commission to obtain approval of community services in their project.

Following approval in principal by the Campus Development Committee and the Board Building Committee, more specific proposals will be submitted to the Board, along with the proposed terms of tender and lease agreements.

The decision on whether the cladding on the Students' Union Housing Project should be precast concrete or aluminum siding is under review.

Precast concrete, favored by the Board Building Committee as being more in keeping with the surrounding buildings, would cost an additional \$52,000.

The Students' Union Housing Policy Committee requested, and the Board members agreed, that a panel of architects be selected to prepare a report for review by the Building Committee.

#### **GARNEAU CAR PARK**

In view of the changes in enrolment projections and the uncertainty of the ultimate development of the Garneau area, a decision on the Garneau Car Park has been deferred pending further study.

#### **FINANCIAL STATEMENT**

The Board accepted as information the Financial Statements, for the year ending March 31, 1971, prepared by the Provincial Auditor.

### **UNIVERSITY SENDS TEAM TO KENYA**

The Canadian International Development Agency (CIDA) has selected the Faculty of Business Administration and Commerce at The University of Alberta to administer a technical assistance program at the University of Nairobi in Kenya.

Members of the four-man University of

Alberta team who are spending the 1971-72 academic year in Nairobi are: J. D. MUIR, Associate Professor; DAN MC DONALD, Visiting Professor; H. M. ARMITAGE, Lecturer; and L. I. DAWSON, Lecturer.

D. A. MC GEACHY, Assistant to the Dean, is serving as Project Co-ordinator in the Faculty of Business Administration and Commerce at The University of Alberta.

The purpose of the project is to expand and develop the undergraduate training program in the faculty at the University of Nairobi, to train Kenyan counterparts in Canada, and to further applied research activities undertaken by the faculty and other relevant Kenyan agencies.

The CIDA grant for the first two years of the project is \$532,000. The cost of the program over a five-year period is expected to be about \$1.4 million.

### **JOHN MALCOLM MAC EACHRAN 1877-1971**

JOHN MALCOLM MAC EACHRAN, Professor Emeritus of Philosophy, died October 4, 1971 in Edmonton. He was 94. Dr. MacEachran was a member of the University staff from 1909 until his retirement in 1945.

After he received his Master of Arts degree in Mental and Moral Philosophy at Queen's University in Kingston, Ontario, he spent four years

at Queen's as Assistant to Professor John Watson, who was then at the peak of an international reputation.

He then entered the University of Leipzig in Germany to study experimental psychology under Wilhelm Max Wundt. His main interest, however, was philosophy, and he prepared and published in German his doctoral thesis on pragmatism.

Prior to his Leipzig course, Dr. MacEachran had spent a year in Berlin where he had made contact with other men well known in philosophy and psychology. Most profound of the Berlin impressions was that made by Paulsen, who lectured on ethics and on the philosophy of education.

In Paris, Dr. MacEachran studied under Émile Durkheim, a distinguished sociologist, and Alfred Binet, who had just invented his technique for intelligence testing. His most vivid memory, however, was of Henri Bergson.

Dr. MacEachran came to The University of Alberta in 1909 as Head of the Department of Philosophy and Psychology. He later accepted the appointment of Provost, a newly-created position.

As Provost, he favored the principle of student self-government and believed that, as far as students were concerned, self-government could only be justified as long as there was emphasis on government as well as on self. So, too, with students' social functions: he stood for refinement and the social graces, and he demanded a spirit of true sportsmanship in athletics. He met any opposition tactfully but without compromise.

As a member of the staff, he was known for his spirit of open-mindedness, liberalism, and tolerance. He had much to do with fostering that spirit among the various faculties as well as within his own department. The University of Alberta awarded him an honorary Doctor of Laws degree, in 1933.

## LISTINGS IN CITY TELEPHONE DIRECTORY

### DEPARTMENTAL LISTINGS

The University Publications Office is now preparing the University's entry for the Edmonton Telephone Directory published by the Edmonton Telephones. Departmental entries in the Edmonton directory will be similar to, but abbreviated from, the entries in the Offices Section (pink pages) of the University Directory, recently distributed.

Departments wishing special entries in the Edmonton Directory should advise the University Publications Office in writing no later than October 13, 1971.

### YELLOW PAGES

Departments which require listings in the Yellow Pages of the Edmonton directory, to give notice of services which they offer to the public, should advise the University Publications office no later than October 13. Departments requesting these listings will be charged the net cost to the University of their Yellow Pages listing.

### 'JOINT USER LISTING' FOR ASSOCIATIONS OR PRIVATE PROFESSIONAL PRACTICE

Members of the University staff, in the Faculty of Medicine and other faculties, who use their University offices for private practice, and officers of professional societies connected with the University, may have their University telephone numbers listed in the Edmonton directory. These listings are inserted alphabetically according to the name of the individual or society, and are not part of the University's main listing.

Edmonton Telephones will not accept such listings directly. They must be applied for through the University Publications Office,

not later than October 13. The application must be accompanied by a cheque for \$60, which includes listing in both the white pages and the Yellow Pages. Applicants should state the Yellow Pages classification they desire. Application forms are available at the University Publications Office.

## WOMEN IN SCIENCE

JEAN LAUBER, Associate Professor of Zoology, has been appointed Public Relations Officer for the Association of Women in Science. A new organization with a growing membership in the U.S. and Canada, AWIS has the stated purpose "to promote equal opportunities for women to enter the professions and to achieve their career goals." An immediate aim of the new organization is to prepare a North American registry of women in science. This registry will be available to professionally trained women seeking employment, and to employers seeking to fill academic or industrial positions. The group will also work to enlarge the membership of women in scientific and professional societies.

Dr. Lauber reports that she is especially anxious to encourage membership by women scientists in Canada. The Association of Women in Science is co-operating with the Status of Women Committee of the Canadian Association of University Teachers in efforts aimed at implementing the recommendations of the Royal Commission on the Status of Women. Information and membership application forms may be obtained from Dr. Lauber, 432-3880.

## NOTICES

### SABBATICAL LEAVE

*The following notice has been received from JOHN NICOL, Secretary to the Deans' Council.*

Full-time members of the faculty who are eligible for sabbatical leave are reminded the closing date for the receipt of applications for leave during the academic year 1972-73 has been advanced to October 15, 1971. Time should be allowed before October 15 to permit processing of the application by the Department Chairman and Dean concerned.

It is expected that applications will be considered by the Deans' Council at its meeting on October 20.

Application forms may be obtained from Mr. Nicol, 432-4954.
